Republican Rally!

GRAND RATIFICATION MEETING!

AT

METROPOLITAN HALL, THIS EVENING.

The Republicans of Chicago will hold their first grand Rally at Metropolitan Hall, this evening! It is hoped by the Executive Committee that such a demonstration will be made numerically by the outpouring of the masses, who will get together to ratify the action of the late City Convention, and to take counsel together as to the best means of protecting the city from the grasp of the tax eaters, who are striving to get control of its patronage and money. The occasion demands no overpowering demonstration. Let every Republican do his duty this evening, and the victory is ours!

John C. Haines as Water Commissioner.

A BATCH OF LIES PUT TO RIGHT.

"Behold how plain a tale."

Finding that the Cass dodge did not pay anymore, the tax-eaters have opened a new attack upon JOHN C. HAINES. It constituted the pet of the Times' editorials and communications yesterday, and was the burden of Dr. Brainard's dull harangue before the tax-eaters' ratification meeting, at Light Guard Hall, on Thursday night. The new mare's nest is this:

First: That "Mr. Haines has been the head and soul of the Board of Water Commissioners in the entire erection of our Water Works up to this time."

Second. "That he has expended, or rather squandered, $600,000 and what has become of the money?"

Third. "That the $630,000 has fallen entirely into his hands, and been expended under his supervision alone;" and that with that vast sum we have got Water Works that are really a disgrace to the city."

Fourth. "Under competent hands, they could have been constructed for $400,000, and been a great deal better done."

Fifth. That the big engine, purchased at a cost of $54,000, was not worth $20,000; and which will probably have to be taken down; and that HAINES was to blame for putting in the three tank fire plugs—so that firemen complain that an adequate supply of water is not provided.

We believe we have stated all the objections urged against Mr. HAINES by the *Times*, its correspondent, and Dr. BRAINARD.

Now for "how plain a tale," will put them all down, and leave those libellers in an unenviable plight as black mail *Cass*.

In the first place, Mr. HAINES was elected Water Commissioner IN MAY, 1854, less than one year ago. He was the first Commissioner elected by the people. Previously they had been chosen by the Legislature. A short time previously, Hon. W. DUNN had been elected by the people to fill a vacancy caused by the resignation of THOMAS, *Democrat*. JAMES H. WOODWORTH was also appointed to fill the place of Mr. [illegible], who had resigned.

Mr. HAINES' term of office was for three years, and he was elected by the people. He has been in office but little more than one year, and has not had control of the expenditures of the whole $630,000; for several contracts not yet completed, the money due to which; had to be paid under former administration. The books and vouchers in the office prove this statement, and we challenge contradiction. So there goes the whole foundation of BRAINARD'S speech, and all the rest and half story that, the "whole of your Water Works would not have cost over $400,000 but for the wastefulness and inequality of HAINES." They had cost more than six times "*Dan* BRAINARD" estimate before Haines came into the Board! When Mr. HAINES took his seat as a Commissioner, the plan of the Works had been established, and over $400,000 had been paid out. He had no control; the system had already been fixed; the reservoir—that beautiful specimen of Democratic architecture—was built, but in an incomplete state; the engine house was up and provided with one large and one small engine; the "three inch fire plugs" were provided and set; and the main reaching from the lake to the reservoir—about a mile and a half. The main was sixteen inches in diameter in the river, and twelve inches from there to the reservoir. There were some distributing pipes laid down in the principal streets, and the water had just been let on, when Mr. HAINES came into the Board. To accomplish this much work over $400,000 had been paid out. It will be seen that all that was left for Mr. H. to do was to carry out the system adopted, and half completed by his predecessors. He is not, therefore, responsible for the plan whatever. The honor or blame of that belongs entirely to engineer W. J. MCALPINE, Esq., or now, a staunch Democrat, who had the sanction of JOHN B. TOUHY, another influential Democrat. The reservoir, engines, fire plugs, and all the other fixings and follies are solely and exclusively Democratic contrivances. THOMAS, we believe, is a clean and tenacious friend of Dr. BRAINARD'S.

One of the first cares of HAINES and DOLE was to brace up the reservoir, as it gave way under the pressure of water. They also built the tank in it, and took out the fancy Democratic windows on it. They also built the basin and break-water—a very difficult job. The Democratic pipe across the river was broken by an anchor getting foul of it. HAINES & Co. put in one that an anchor cannot disturb. They have laid down *three miles* of main pipe, part of which is twenty-four inches in diameter, and part 16 inches. They have also laid down more than *thirty* miles of distribution pipe. They were obliged to throw out one of the engines provided by their predecessors, and put in the present large and magnificent condensing engine, at a cost of $54,000. This is the best engine in the West, Dr. BRAINARD to the contrary. It was contracted for by HAINES, HAINES and DOLE, and challenges any investigation. They got it from twelve to twenty thousand dollars cheaper than as good a machine could be had for from any other builder. But we have said enough to refute all the charges brought against Mr. HAINES in regard to his stewardship as member of the Board of Water Commissioners. He has proven himself to be a worthy, capable, careful servant, who has kept strict watch over the interests of the city, and has never permitted a dollar to be misapplied since he came into the office.

Fame, the Liar.

The Executive Committee of the Kansas Settlers' Society—an organization in this city which antedated the National Committee—authorize us to say that all parts of a late article in the *Commercial Advertiser*, which may be applied to them by the author thereof, or by the public, are wholly untrue; and that the inventor of the misstatements is a malignant and unprincipled falsifier. When such citizens as JONATHAN BUSH, PETER PAGE, N. B. JUDD, I. N. ARNOLD, and MARK SKINNER, voluntarily come forward to brand a libeller, his status in the community as a man of veracity may be considered as permanently fixed. It was remembered that CASS charged $—— gratuitously men with a misapplication of the Kansas funds. The charge made by him in a private capacity, would not be noticed; but when it is put into circulation in the public journals, it demands attention. What lie will CASS, the Ho, tell next!

The Times' Opinion of John C. Haines last May.

We copy the following editorial appeal of the *Times* to the Democracy to turn out and vote for JOHN C. HAINES for Water Commissioner. He was a first rate man then. In his opinion. Now it traduces him. Did it *lie* then, or now?

Mr. John C. Haines.

[From the Chicago Times, May 4, 1857.]

"An election takes place to-day for the Water Commissioner, an office of great importance to the public. The contestants are Messrs. JOHN C. HAINES, SANFORD JOHNSON and H. P. MORSE. These gentlemen are all, possibly, fit personally for the office. They are all objectionable politically, but as in virtue and crime there are degrees, so even among Republicans, there are those not quite so bad as others. Without saying anything as to Messrs. MORSE and JOHNSON, allowing each of our readers to form their own opinion of them, we, for many reasons of a political character, *prefer* Mr. HAINES. He is less objectionable than his competitors, and if any Democrat goes to the polls, we hope he will *vote for* Mr. HAINES. *We intend to vote for him* as against his two competitors, and, so far as any of our readers may wish our advice, we urge them to *do likewise*. When you have to vote for a Republican at all, vote for the *one least tainted with ism*. We believe Mr. HAINES to be preferable, in several particulars, to his Republican competitors.

"The polls will be held at the same place as the March election, and the inspectors are the same as those who served at that interesting period of the history of Chicago."

The Last Know Nothing Dodge.

CODY'S black-mail *Advertiser* not making rapid headway in the work of damaging the Republican ticket by smearing it with his approval, we are informed that Mr. ALVIN SALISBURY, who constitutes the rump of Know Nothingism on the West Side, has started a story that JAMES FURNEY, Esq., the Republican candidate for Street Commissioner, is a Roman Catholic and a Jesuit. We understand that SALISBURY is canvassing the lager beer saloons of the West Division with this convenient lie, and presenting the terrors of the Inquisition to all the Germans who don't know his (SALISBURY'S) character for veracity. For the information of those who have been belabored with this slang, we would state that Mr. FURNEY is a member of the Protestant Episcopal Church, and one of the vestry of the Church of the Atonement, Rev. DUNLOP CLARK Rector, corner of Washington and Peoria streets. Considering that SALISBURY was a candidate before the Democratic Convention for the office of Street Commissioner, and was beaten by Irish votes, his zeal in behalf of the Border Ruffian ticket requires some kind of explanation.

CITY ITEMS.

FOR AKRON.—C. P. *Bradley*, Dorian Knights, and W. I. Smart, left on Thursday night with fourteen prisoners for Akron.

OVERCHARGING.—A hack driver named James Kelly was fined $5 yesterday morning for charging a man $1, for carrying him from the Metropolitan Hotel to the Fond du Lac depot.

SPORTSMEN'S CLUB.—A meeting of the Chicago Sportsmen's Club will be held at the rooms of the Club, No. 17 (over 57) Dearborn street, on Saturday evening, February 20.

By order of Board of Directors,

L. WALKER, Secretary.

BRYANT & STRATTON'S PENN LECTURES.—Rev. R. H. Clarkson, Pastor of St. James Church, will deliver the next lecture before this College, 68 Clark street, next Monday evening, Feb. 22d, at 7½ o'clock. Subject—"The World's Greetings." Ladies and gentlemen are invited.

RATES REDUCED.—By reference to our advertising columns, our readers will see that the rates on freight from Chicago to New York, Boston, Philadelphia and Baltimore, via. Pittsburgh, Fort Wayne & Chicago Railroad line, have been reduced. We understand that this new and favorite route has been making excellent time this winter.

BLOCKED UP.—The *Journal* of yesterday says: "We understand that the passengers who left yesterday for the Pittsburgh & Fort Wayne Railroad last night at 8-50, and this morning at 4 o'clock, are blocked up at Laporte. The Cincinnati, Peru and Chicago road is blocked up with snow, and the train due at 3-30 this morning, had not arrived at last reports at Laporte."

A POOR DODGE.—Some poor driveling Border Ruffian has gone to the expense of getting out a circular addressed to the "Republican party," and signs it, "A Republican." It is far below the average diatribes of Matteson or Sheahan, and scarcely up to the level of Black Mail Cass. We got one of these silly effusions through the post office.

LARCENY OF A DRAFT.—Frederick Wilde was arrested on Thursday on a warrant issued by U. S. Commissioner Brown, by Deputy U. S. Marshal Fry, for opening and abstracting a draft from a letter addressed to one John Wanless, of Mendota. The warrant was issued on the complaint of E. B. Chapin. Mr. WILDE waived an examination and gave bail for his appearance for trial in the sum of $500.

A CORRECTION.—*Eds. Tribune*: The statement in the Tribune of Wednesday, concerning an alleged assault by me on Mr. Thomas Hall, at Stanwix Hall, so far as relates to me, is entirely incorrect. I was not present at the time and place mentioned, nor was I in the company alluded to, at all. Please make the correction, and oblige S. BURGESS.

North's Theatre.

WIFE BEATER.—Charles Pike was yesterday fined $5 for beating his wife, a pale, sickly, delicate woman. The act was done while he was in a state of intoxication.

Patrick Higgins gave special bail to answer the charge of cruelly beating his wife. She appeared in court with her head and face cut up in a shocking manner.

Patrick Garrity was arrested for the same offence, upon complaint of his wife Catherine. She appeared in court, and in true Hibernian fashion, instilled that he had never abused her at all. Consequently she was fined $3 and the defendant discharged.

TAKING THE CENSUS.—The following is a copy of a bill presented to the Comptroller for payment, for taking the recent "Democratic census." Here is the document, *verbatim et literatim*:

Bill

to the

Hon. Demo. Ward Comitee Five $ to John A. Burbidge for Sworn and a half Days work for Public Census a $3 pr. Day.

amount $22,50

Chicago the 10 of Febr 1858 John A. Burbidge

We suppose that if Brainard should be Mayor, with Tom Dyer for Comptroller, this bill for taking the "Polite Census" would be paid out of the city treasury.

ENTERTAINING SCANDINAVIAN REPUBLICAN MEETING LAST NIGHT.—In spite of the snow storm and Greenebaum's exertions to create ill feelings amongst the Scandinavians in general, and those of the Sixth Ward in particular, Boedecker's Hall, on the West Side, was last night filled to overflowing by sincere Scandinavian Republicans. The utmost harmony prevailed, and the Scandinavian agreed, to a man, to support the Republican ticket and the whole ticket, and to defeat the impudent little puppet Mille by all legitimate means. Speeches were made by Dr. Pasli, Charles Sundell, Nic. Lockerant and A. Furney, John Von Horn, Mr. [illegible] with Andreas and a Harvey, Esq.; after which the candidate for Alderman sang. The little Dane was roughly handled, and his base man in the Sixth ward thoroughly exposed. With their attempt at fun [illegible] for Republicanism the meeting adjourned at a late hour to meet once more before the election, and it was agreed that all should attend the Republican Ratification Meeting this evening at Metropolitan Hall.

UNITARIAN METROPOLITAN HALL CONCERTS.—We again call attention to Mr. UNGER'S Saturday afternoon concerts, which promise to be rare entertainment. We have before us the programme of the first concert to be given this afternoon. Among the choice morceaux, we notice the overture to Meyerbeer's great opera, "The Feldmonnaide," which rests among the classical productions of the old masters, and which, of course, will be performed in excellent style. The "Coronation March," from Meyerbeer's "Prophet," is too well known to amateurs, to require commendation from us. But there will be a new feature in the first concert, to which we call the attention of all concert-goers, and which they will not fail to appreciate. We refer to the "Grand Potpourri," composed by Mr. UNGER. It contains the choicest gems of classical music, and the second part of it is what the Germans call a "Tongebilde," (picture by music), representing the march and battle of two contending hosts, and the triumphal songs of the victorious one. It will be performed by two orchestras, one stationed in the hall and the other in the gallery, which represent the two hosts of the contending armies. The difficult task of directing two orchestras at once, is so nicely performed by Mr. UNGER as the leadership of a veritable field. This potpourri was first performed at the large "Volksgarten," in New York, where it drew crowded houses for dozens of nights in succession. We expect a full attendance at this first concert.

R. P. MORGAN VS. THE PEORIA AND QUINCY R. R. Co. et al.—In Chancery.—Bill for Injunction and Relief.—The above-entitled suit, commenced on the 13th inst., has grown out of a suit of the complainant against the Peoria and Quincy Railroad Company, commenced October 17th, 1856, which has been ever since pending and undetermined, in the United States Circuit Court of the Northern District of Illinois. It appears that the plaintiff had a contract with the Peoria and Quincy Railroad Company, by which contract the Railroad Company agreed to issue and deliver to the plaintiff their first mortgage bonds, which the Company refused to do as per contract, but have since issued and delivered their first mortgage bonds to the firm of Crapo, Bacon & Co. The complainant claims that he has an equitable right and interest in the same for work and labor done, and his lawful damages arising out of the non-fulfillment of the Company. It appears that the Company refused to fulfill their contract with Col. Morgan, and forced him to abandon his work, and immediately thereafter let the same work to another at a much larger price, and all of the defendants are Directors of the Company, excepting the Illinois Central Railroad Company, George C. Bacon, their late President, Wm. H. Osborne, President of the Illinois Central Railroad Company, and T. F. Perkins, a Director of the Illinois Central Railroad Company. It appears that the Illinois Central Railroad Company have a lease of a portion of the road to be built by Col. Morgan, and that it is now in operation, and that the Illinois Central Railroad Company bought $100,000 of the Peoria and Quincy Railroad first mortgage bonds, and that Mr. Osborne has the same with him now in London for the purpose of negotiation.

An order was issued in the U. S. Circuit Court, forbidding the defendants from doing any act prejudicial to the interests of the complainant.

FRANZ LEBRARD'S BRITISH MINSTRELS perform at Metropolitan Hall, on Monday night, Feb. 22, "Washington's Birthday," "Grave at Washington," and other appropriate songs by the company. Single tickets, 25 cents; big tickets, 50 cents; boxes reserved seats, 75 cents.

WOOD AND COAL.—If you want wood and coal delivered pretty, go to the yard of J. H. Haines, St. 37, 38 and 39 Dearborn street, where you can get dry hard wood sawed, split and delivered, at low prices. Give him a call.

NORTH'S NATIONAL AMPHITHEATER.—The "Fall of Delhi, or the Revolt in India," will be performed this evening. It has been postponed during the week to enable the proprietor to make a few alterations in some of the most important scenes represented in the piece. The characters are all well represented by the talented company.

THE following artfully relating to Insurance, we copy from the *Peoria Democrat*, and is evidently the production of one of our Western Insurance Companies and their promptness in the adjustment of losses. We feel impelled, from a sense of duty, occasionally to publish such statements, to vindicate the character of our Western institutions; for we regret that there are business gentlemen among us who, although doing daily support exclusively from Western men, are found to be utterly unfit for Companies are so reliable or as well managed as "Eastern Companies." True, there are very many Eastern Insurance Companies represented in this city that we believe to be perfectly responsible, and, as such, of our citizens can obtain their insurance in the most reliable companies, and promptly paid the same; but, while we would not speak disparagingly of one class, we do claim it to be the duty of our citizens to patronize home institutions first:

PEORIA INSURANCES.—*Editor of Daily Transcript*: I feel called upon, in justice to the Peoria Marine and Fire Insurance Company, of this city, to notify its many patrons and friends that the business of said Company has been transferred to them, and asks their gentlemanly bearing toward their customers.

Having purchased a lot of building on the 'Bluff, last season, I was well advised to insure it with the above-named Company, which I did, and renewed it my home in Chicago, where I am now residing. After burning, I left for home, and before I had time even to visit the ruins, they had adjusted the loss to my entire satisfaction, without even notice or proofs of loss from me, having thoroughly investigated the matter themselves, and becoming satisfied all was right. Such promptness is indeed commendable, and worthy of notice.

MORE TESTIMONY TO THE PROMPTNESS OF THE PEORIA M. & F. INS. CO.—The following letter has been handed us for publication, and is cheerfully inserted:

MR. MITCHELL: I wish to add my testimony to that of others concerning the promptness and liberality of the Peoria Marine and Fire Insurance Company in the adjustment and payment of their losses. As Attorney for Jessup Bispham, of Bridgeport, Cl., I held two policies in said Company for $2,000 each on the stock of Corn Planters manufactured by them on the night of the 15th of January last. I was yesterday informed by Chas. Hallock, Esq., the gentlemanly Secretary of said Company, that they had fully investigated Mr. Bispham's claim, and were prepared to pay the same. I accordingly called at the office this evening, and Mr. Hallock paid my claim in full, and that without quibbling.

☞ Rev. A. C. Barry, of Boston, will preach in Wood Street Hall for the Second Universalist Society, to-morrow, at 10½ o'clock A. M.

☞ The Methodist Sunday will hold their meetings in Methodist Block, Clark street, between and opening on the Public Square. We refer to the "Grand Potpourri," composed by Mr. Unger. It contains the choicest gems of classical music, and the second part of it is what the Germans call a "Tongebilde," (picture by music), representing the march and battle of two contending hosts, and the triumphal songs of the victorious one. It will be performed by two orchestras, one stationed in the hall and the other in the gallery, which represent the two hosts of the contending armies. The difficult task of directing two orchestras at once, is so nicely performed by Mr. Unger as the leadership of a veritable field. This potpourri was first performed at the large "Volksgarten," in New York, where it drew crowded houses for dozens of nights in succession. We expect a full attendance at this first concert.

R. P. MORGAN VS. THE PEORIA AND QUINCY R. R. Co. et al.—In Chancery.—Bill for Injunction and Relief.—The above-entitled suit, commenced on the 13th inst., has grown out of a suit of the complainant against the Peoria and Quincy Railroad Company, commenced October 17th, 1856, which has been ever since pending and undetermined, in the United States Circuit Court of the Northern District of Illinois. It appears that the plaintiff had a contract with the Peoria and Quincy Railroad Company, by which contract the Railroad Company agreed to issue and deliver to the plaintiff their first mortgage bonds, which the Company refused to do as per contract, but have since issued and delivered their first mortgage bonds to the firm of Crapo, Bacon & Co. The complainant claims that he has an equitable right and interest in the same for work and labor done, and his lawful damages arising out of the non-fulfillment of the Company. It appears that the Company refused to fulfill their contract with Col. Morgan, and forced him to abandon his work, and immediately thereafter let the same work to another at a much larger price, and all of the defendants are Directors of the Company, excepting the Illinois Central Railroad Company, George C. Bacon, their late President, Wm. H. Osborne, President of the Illinois Central Railroad Company, and T. F. Perkins, a Director of the Illinois Central Railroad Company. It appears that the Illinois Central Railroad Company have a lease of a portion of the road to be built by Col. Morgan, and that it is now in operation, and that the Illinois Central Railroad Company bought $100,000 of the Peoria and Quincy Railroad first mortgage bonds, and that Mr. Osborne has the same with him now in London for the purpose of negotiation.

An order was issued in the U. S. Circuit Court, forbidding the defendants from doing any act prejudicial to the interests of the complainant.

FRANZ LEBRARD'S BRITISH MINSTRELS perform at Metropolitan Hall, on Monday night, Feb. 22, "Washington's Birthday," "Grave at Washington," and other appropriate songs by the company. Single tickets, 25 cents; big tickets, 50 cents; boxes reserved seats, 75 cents.

WOOD AND COAL.—If you want wood and coal delivered pretty, go to the yard of J. H. Haines, St. 37, 38 and 39 Dearborn street, where you can get dry hard wood sawed, split and delivered, at low prices. Give him a call.

NORTH'S NATIONAL AMPHITHEATER.—The "Fall of Delhi, or the Revolt in India," will be performed this evening. It has been postponed during the week to enable the proprietor to make a few alterations in some of the most important scenes represented in the piece. The characters are all well represented by the talented company.

THE following artfully relating to Insurance, we copy from the *Peoria Democrat*, and is evidently the production of one of our Western Insurance Companies and their promptness in the adjustment of losses. We feel impelled, from a sense of duty, occasionally to publish such statements, to vindicate the character of our Western institutions; for we regret that there are business gentlemen among us who, although doing daily support exclusively from Western men, are found to be utterly unfit for Companies are so reliable or as well managed as "Eastern Companies." True, there are very many Eastern Insurance Companies represented in this city that we believe to be perfectly responsible, and, as such, of our citizens can obtain their insurance in the most reliable companies, and promptly paid the same; but, while we would not speak disparagingly of one class, we do claim it to be the duty of our citizens to patronize home institutions first:

PEORIA INSURANCES.—*Editor of Daily Transcript*: I feel called upon, in justice to the Peoria Marine and Fire Insurance Company, of this city, to notify its many patrons and friends that the business of said Company has been transferred to them, and asks their gentlemanly bearing toward their customers.

Having purchased a lot of building on the 'Bluff, last season, I was well advised to insure it with the above-named Company, which I did, and renewed it my home in Chicago, where I am now residing. After burning, I left for home, and before I had time even to visit the ruins, they had adjusted the loss to my entire satisfaction, without even notice or proofs of loss from me, having thoroughly investigated the matter themselves, and becoming satisfied all was right. Such promptness is indeed commendable, and worthy of notice.

MORE TESTIMONY TO THE PROMPTNESS OF THE PEORIA M. & F. INS. CO.—The following letter has been handed us for publication, and is cheerfully inserted:

MR. MITCHELL: I wish to add my testimony to that of others concerning the promptness and liberality of the Peoria Marine and Fire Insurance Company in the adjustment and payment of their losses. As Attorney for James Bispham, of Bridgeport, Cl., I held two policies in said Company for $2,000 each on the stock of Corn Planters manufactured by them on the night of the 15th of January last. I was yesterday informed by Chas. Hallock, Esq., the gentlemanly Secretary of said Company, that they had fully investigated Mr. Bispham's claim, and were prepared to pay the same. I accordingly called at the office this evening, and Mr. Hallock paid my claim in full, and that without quibbling.

E. J. HARRISON, Att'y for James Bispham.

PEORIA, Ill., Feb. 10, 1858.

EDITOR TRIBUNE:—SIR: Allow me through your paper to speak of the promptness and liberality of the Peoria Marine and Fire Insurance Company, in the adjusting and settling claims. I was insured in said company on part of my stock of goods which was destroyed by fire in December last, and take this method of informing the public that my claim was adjusted and the amount paid to me before the expiration of *one* sixty days allowed them.

Respectfully, J. A. BUSH.

No. 51 CLARK STREET.
CITY OF CHICAGO.
Saturday Morning, ... Feb. 9th, 1861.

Fellow Citizens:

Volunteers, who refuse to tell Congress what they will do, have been asked to inform the country what they will not do. Their answer is, that they will not defend the Government if the Union is dissolved by the Secession States. In other words, if the Union is dissolved, the Government is dissolved, and they will not defend a dissolved Government.

Old Whigs, of the Bell-Everett-Crittenden-Constitutional Union persuasion, you and your GO politely ask Gov. Morgan, of New York, to call out the militia to enforce the laws of the United States, and to protect the property of citizens in the Southern States. Gov. Morgan politely declines, and tells you that he will not call out the militia for any such purpose. You then politely ask Gov. Curtin, of Pennsylvania, to do the same thing, and he politely declines. You politely ask Gov. Andrew, of Massachusetts, to do the same thing, and he politely declines. You politely ask Gov. Buckingham, of Connecticut, to do the same thing, and he politely declines. GENERAL INTELLIGENCE.

Grand New Work.—If the heartbroken or unemployed working man, or needy student who desires to make a comfortable living, will call at the room in Dr. Sanford's Invigorator on Lake Street, he will have performed one of the most astonishing cures that ever was performed in the world. Numbers, who have the undoubted evidence that necessary to say so, from Keith, M.D., of York, the greatest remedy known for Dyspepsia, Jaundice, or a general debility that no other medicine will cure. Dr. Sanford's Invigorator.

Dr. Sanford has hung for a long time in the office of the Republican of New York; and it is said before it was ever worn himself with the Invigorator with such success as to have assisted in that town to adopt it as a family medicine, and let the world have the benefit of its discovery. If those who are troubled with debility, head-ache, languor, or any internal disorder, will try a bottle, we think they might save physicians' bills, and days, perhaps months of suffering. (See advert sement.)

Hostetter's Stomach Bitters correct the appetite, impart a tone to the system, form of the best and all impure secretions, regulate the bowels, give to strength of body and vigor of mind. For Dyspepsia and dyspeptic symptoms, they are the wonder of the civilized world. In all cases of fainting, dizziness, weakness, great fatigue and general inability, it is surprising how soon the patient is relieved. No family can afford to be without Hostetter's Bitters. They restore an adult, feeble in or quiet bodies by DYSPEPSIA and derives generally.

$1,000 Reward.—Having purchased of Dr. Dunn son-in-law of Dr. James the only receipt which Dr. James uses in preparing the Extract of Canadian Balsam for the cure of Consumption, Asthma, Colds, Coughs and General Debility, and having greatly improved the same by incorporating with it other potent vegetable agents, now offer, as such as will furnish a re- quently relief and cure in all cases of distress, as above named a Reward of the case, I now offer the above reward to any one who can show me a case that cannot be cured by the preparation now made at No. 141 State street, Chicago, in a more speedy and permanent manner than by the old mixture. I have both on hand. DR. G. S. GILBERT.

N.B.—Dr. James is fully entitled to that credit in the above, and before it is that he is making such a use in the papers; but all who will themselves try by trying only one bottle, and if it is not what it is represented to be, the money will be returned; and if that is not sufficient to show all that I am making a better article, I will be more desired, send with each bottle free of charge Dr. James' own recipe, with directions as used by himself.

DR. GILBERT.

To Cure a Cold—A Recipe that Rarely Fails.—Now, while winter, with its various forms of Colds and Coughs, is with us, we think a remedy that will relieve such evidence should be highly prized, and all who have found so much of this remedy will do so we do—give it away. Take a double dose of Dr. Sanford's Invigorator, and it will give greater relief than any other medicine we ever tried, for we have rarely to repeat the dose to be entirely free from cough, and so much of the benefit have time to show of the medicine sooner, the more is the cure. In every family medicine, for the cure of Bowel Diseases, Worms, Derangement of the Stomach and Liver, we can recommend Hamburgh. (See advertisement.)

Lea & Perrins' Worcestershire Sauce. The attention of Hotel Keepers, Proprietors of Eating Houses, Caterers for Clubs, Boat-rooms, and Private Families is commended to a trial of Lea & Perrins' Sauce, as a rare combination. The condiment by its own merits has attained a celebrity, the highest and most unequivocal flavor, applicable to every dish, hot and cold meats, game, &c., &c., is exceedingly used in all quarters of the globe.

The genuine "Worcestershire" on both sides of the Atlantic, the quality of its manufacture is the same as that which was only Medal awarded to foreign Sauce at the New York Exhibition attests the estimation in which it is held by those assisted with special reference to their ability to judge of the quality of similar articles of table use. And being the most popular Sauce in the market unprincipled parties are deterring from its sale by selling worthless compositions in imitation of "Lea & Perrins," the only proprietors of the genuine Sauce.

Sold by all dealers in sauce. Also orders received for Sauce shipment from England.
